Bonafide Certificate

This is to certify that the thesis titled "**Project Title(Title Case - First Letter Caps)**" submitted in partial fulfillment of the requirements for the award of the degree of B. Tech. [Branch Name] to the SASTRA Deemed to be University, is a bona-fide record of the work done by Mr./Ms. AB(Reg. No. ———-) (all members name with register no in bracket if applicable) during the Eighth semester of the academic year [Year], in the School of Electrical & Electronics Engineering, under my supervision. This thesis has not formed the basis for the award of any degree, diploma, associateship, fellowship or other similar title to any candidate of any University.

Declaration

Project Title(Title Case - First Letter Caps) submitted by me/us is an original work done by me/us under the guidance of [Name of the Guide], [Designation], School of Electrical and Electronics Engineering, SASTRA Deemed to be University during the [Eighth] semester of the academic year [202X-2X], in the School of Electrical and Electronics Engineering. The work is original and wherever I/we have used materials from other sources, I/we have given due credit and cited them in the text of the thesis. This thesis has not formed the basis for the award of any degree, diploma, associate-ship, fellowship or other similar title to any candidate of any University.

ACKNOWLEDGEMENTS

We would like to express our sincere gratitude to our Honourable Chancellor, **Prof. R. Sethuraman**, for providing us with the opportunity and the necessary infrastructure to carry out this project as part of our curriculum.

We extend our heartfelt thanks to our Honourable Vice-Chancellor, **Dr. S. Vaidhyasubramaniam**, and **Dr. S. Swaminathan**, Dean, Planning & Development, for their constant encouragement and strategic support throughout our academic journey.

We would also like to thank **Dr. R. Chandramouli**, Registrar for providing us with the opportunity to undertake this project.

We express our sincere appreciation to **Dr. K. Thenmozhi**, Dean, SEEE; **Dr. R. John Bosco Balaguru**, Dean (Sponsored Research); and **Dr. A. Krishnamoorthy**, Associate Dean (Academics), for introducing and facilitating this project as part of our curriculum.

We would like to convey our deep sense of gratitude to our project guide, **[Guide Name, Professor]**, School of Electrical & Electronics, for their guidance and mentorship.

We sincerely thank the Project Review Panel Members for their valuable suggestions and constructive feedback throughout the course of this project. Their insightful observations greatly contributed to improving the quality and depth of our work.

We extend our appreciation to all the teaching and non-teaching staff of the School of Electrical & Electronics for their support and assistance, directly or indirectly, in the completion of this project.

Finally, we gratefully acknowledge the encouragement and support of our family and friends, which played a vital role in the successful completion of this project.

ABSTRACT

The abstract should contain a brief background including the literature survey that leads to the research question/objective, methodology and the major results with overall conclusions. Data should be justified and typed in Times New Roman, 12 pt, not bold, with 1.5 line spacing and should be one page.

CHAPTER 1

INTRODUCTION

1.1 Overview

[Provide an overview of your mini-project here. For example, a reference to a recent closed-loop controller Rajesh *et al.* (2024).]

1.2 Problem Statement

[Clearly state the problem you are addressing based on industry needs Liu *et al.* (2019).]

1.3 Objectives

[List the main objectives of your project.]

- Objective 1
- Objective 2
- Objective 3

1.4 Report Organization

[Outline the organization of the subsequent chapters in this report.]
